

# AYOUB BOUZAR KOUADRI

## Front-End developer

Front-end developer Skilled in ReactJS NextJs and Tailwind CSS. My knowledge of backend technologies including Firebase, Supabase, basic Node.js, and Express.js, enhances my ability to communicate effectively with **backend** developers and work seamlessly with **APIs**. I enjoy collaborating with **designers** to create cool, user-friendly websites. Spent the last year improving my skills, networking with technical guys, so interested in the tech industry and **startups**. Happy to share my knowledge/learn from my Team. I'm excited to keep learning and growing in this field!
